

# TEN YEAR LIMITED WARRANTY ON AQUATHERM INDUSTRIES "SUN SERIES" SOLAR COLLECTORS

## 1. COVERAGE

This warranty issued by Aquatherm Industries, Inc., hereinafter referred to as "AI", applies to all Sun-Swim and Sunlite solar collectors manufactured by it and purchased for use on swimming pools, spas, or hot tubs, and installed in North America (the United States, Canada and Mexico). It extends to the first retail buyer on whose premises the equipment is initially installed.

## 2. FIVE YEAR PARTS WARRANTY ON THE SOLAR COLLECTOR

AI warrants that its Sun-Swim and Sunlite unglazed polymer swimming pool solar collectors manufactured by it shall be free from defects in material and workmanship, will withstand the effects of freezing weather and will not fail from corrosion or from scale or deposits in the walls of its water passages. If a defect becomes evident within five (5) years from the date of initial installation, AI will provide a repair method, or at its option replace the solar collector within a reasonable time and without charge for parts. AI will be responsible only for the cost of the replacement solar collector. AI WILL NOT PAY ANY LABOR COSTS FOR REPAIR, REMOVAL OR INSTALLATION.

## 3. LIMITED TEN YEAR PARTS WARRANTY ON THE SOLAR COLLECTOR

In addition to the above warranty, AI will grant a limited warranty at the expiration of the fifth year after initial installation. If any warranty claim arises after the fifth year from initial installation, until ten years from initial installation, AI will provide a repair method or at its option replace any solar collector within a reasonable time which has been found to be defective, solely in material and workmanship. In the event AI opts to replace any solar collector, the purchaser shall pay to AI, its Distributor or Dealer fifty percent (50%) of the published list price of the solar collector in effect at the time the defect is discovered. The replacement may be new or factory rebuilt. AI WILL NOT PAY OR BE RESPONSIBLE FOR ANY LABOR COSTS FOR REMOVAL, REPAIR OR INSTALLATION. The limited warranty extends to the first retail buyer on whose premises the equipment is initially installed.

## 4. WHAT IS NOT COVERED

- A. This warranty does not apply to solar collectors which have not been installed and maintained in strict compliance with AI's installation and operating manuals and instructions and/or applicable ordinances or codes.
- B. This warranty does not apply to conditions resulting from misuse, neglect or accident, or to solar collectors which have been damaged by extraordinary or abnormal weather conditions or other cause, thing, person or act of God.
- C. This warranty does not apply to any solar collector which has been damaged by internal freezing if all applicable AI installation, operation, and maintenance instructions have not been observed.
- D. This warranty does not apply to conditions resulting from attempts at repair or alteration by anyone other than a person authorized by AI to do such repairs or alterations.
- E. This warranty does not apply to any solar collector on which the serial number/date code label, if present, has been altered, effaced or removed.
- F. No particular level of thermal performance or savings in fuel costs is warranted.
- G. This warranty does not cover installation hardware, accessories or any component or part which is not part of the solar collector.
- H. AI, its distributors, or its dealers will not be liable for consequential damages such as damage to your home, inconvenience, loss of time or use of your solar heating system as a result of the breach of this warranty. SOME STATES DO NOT ALLOW THE EXCLUSIONS OR LIMITATIONS OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

Lakewood, NJ 08701-9848

**5. WHAT YOU MUST DO**

To obtain service on the solar collector, you must notify the installing dealer or the AI authorized service center and give the dealer the specific nature of the defect or malfunction within thirty (30) days from the discovery of any defect.

Failure to provide notification within thirty (30) days after discovery of the defect may be deemed a waiver of the warranty in certain states. Within a reasonable period from the time AI has been notified, AI will provide a repair method or replacement in accordance with this warranty. To verify that the warranty is still in effect you must furnish evidence of the date of completion of installation to the AI dealer. The warranty registration card is not a condition precedent to coverage under this warranty, but its prompt return may eliminate the need to establish further proof of purchase. If you are unable to provide AI with proof of date of installation, the basis for determining warranty eligibility will be based on the manufacturing date of the solar collector. For location of the nearest authorized dealer, write **AQUATHERM INDUSTRIES, INC.**, 1940 Rutgers University Blvd., Lakewood, New Jersey 08701, or call 1-732-905-9002.

**6. NO OTHER EXPRESS WARRANTIES**

This warranty is compliant with the Magnuson-Moss Warranty Act of 1975 and is the only warranty that will be given to you. No other product warranty whether written or verbal, shall be binding on Aquatherm Industries, its Distributors, or its Master Dealers. The relationship between the parties shall be that of buyers and sellers. Neither party shall have the right to bind the other contractually in any respect whatsoever nor be considered the agent or representative of the other.

**7. WHAT TO DO IF THERE IS A QUESTION REGARDING THIS WARRANTY**

Your satisfaction and goodwill are of primary concern to Aquatherm Industries. In the event a warranty matter is not handled to your satisfaction, the following steps are suggested:

- 1) Discuss the problem with management of your Aquatherm Industries dealer.
- 2) Contact the Customer Service Manager at:

**AQUATHERM INDUSTRIES, INC.**  
 1940 Rutgers University Blvd.  
 LAKEWOOD, NEW JERSEY 08701
